Rachel Bennett

Product Manager

PROFESSIONAL SUMMARY

Product Manager with 8 years of experience leading cross-functional teams to deliver B2B SaaS products, from roadmap definition through launch and growth.

WORK EXPERIENCE

Associate Product Manager — BrightPath Solutions LLC

Portland, OR | Jun 2021 – Aug 2026

- Owned the product roadmap for the core subscription platform, prioritizing features based on customer feedback and data.
- Partnered with engineering and design to ship quarterly releases on schedule.
- Ran weekly customer interviews to validate new feature concepts.
- ★ Led the launch of a B2B subscription platform, growing monthly recurring revenue by 35% within two quarters.
- ★ Improved feature adoption rate by 22% through a redesigned in-app onboarding flow.

Business Analyst — Cascade Retail Group

Portland, OR | Jul 2018 – May 2021

- Analyzed sales and customer data to support merchandising and marketing decisions.
- Built recurring dashboards in SQL/Excel for weekly leadership reviews.
- ★ Identified a pricing inconsistency that, once corrected, recovered an estimated \$120K in annual margin.

PROJECTS

• B2B Subscription Platform Launch

Led the end-to-end launch of a B2B subscription platform, growing monthly recurring revenue by 35% within the first two quarters.

• Mobile App Redesign

Defined the product roadmap for a full mobile app redesign, increasing 30-day user retention by 20% through improved onboarding flows.

• Pricing Model Overhaul

Partnered with Finance and Engineering to redesign the product's tiered pricing model, improving conversion rate by 15%.
