WORK EXPERIENCE

Technical Lead — Orbit Consulting Group LLC

Chicago, IL | May 2019 – Aug 2026

Responsibilities:

- Led a 10-engineer team across two product lines, owning technical direction and delivery.
- Partnered with Product and Design leadership to align roadmap with engineering capacity.
- Ran the hiring process for 6 engineering roles, including interview design.

Achievements:

- ★ Led a full platform re-architecture that improved system throughput by 3x while cutting infra cost 25%.
- ★ Built a structured onboarding program that reduced new-engineer time-to-first-commit from 3 weeks to 5 days.

Software Engineer II — DataForge Inc.

Chicago, IL | Aug 2016 – Apr 2019

Responsibilities:

- Developed backend services for a real-time analytics dashboard product.
- Participated in on-call rotation and incident postmortems.

Achievements:

- ★ Redesigned a batch data pipeline, cutting nightly processing time from 6 hours to 90 minutes.

PROJECTS

• Platform Re-architecture

Led a 10-engineer team through a full platform re-architecture, improving system throughput by 3x while cutting infra cost 25%.

• Engineering Onboarding Program

Built a structured onboarding program for new engineers, reducing time-to-first-commit from 3 weeks to 5 days.

• Cross-Team Roadmap Alignment

Coordinated roadmap alignment across 4 engineering teams for a company-wide platform migration completed on schedule.

EDUCATION

M.S. in Computer Science, University of Illinois Chicago, 2016

CERTIFICATIONS

- Certified ScrumMaster (CSM) (2020)
- AWS Certified Solutions Architect – Professional (2023)
